

# International Journal of Modern Engineering Research (IJMER)

Volume : 14 Issue : 2

ISSN : 2249-6645

Mar.-Apr. - 2024

## Contents :

Impact of stone crusher Dust on leaves and Chlorophyll production in <i>Annona squamosa</i> and <i>Cassia siamea</i>	01-12
Revolutionizing Safety: An Interactive Response System for Seamless Data Collection During Pandemics	13-16
Advancements in Antenna Design for Wireless Communication Systems: A Review	17-21
Historical significance of Dr. B.R. Ambedkar	22-26
Fully Parameterized Design of Hydrodynamic Torque converter	27-34
An Empirical Research to Assess Knowledge, Perception, Practices Regarding "Biomedical Waste Management in Chandigarh"	35-45
A Review of Artificial Intelligence techniques in Social Media prospective	46-48
Energy Forecasting Using Various Machine Learning Algorithms and its Comparative Analysis	49-54
Comparative Analysis Of Geodesic Active Contour (Gac) And Genetic Algorithm Based Geodesic Active Contour (Gagac) Segmentation Algorithms In Ethnicity Prediction System	55-69
Analysis of a Boiler with using different types of fuel and mixing with other fuel like Bagasse to find Energetic and Exergetic performance to produce steam in Gujarat Narmada Valley Fertilizers and Chemicals LTD., Bharuch	70-85
Base Isolation Design of the 7-Story "Chullo" Residential Building in the City of Arequipa (Peru)	86-101
Energy & Exergy Analysis of a Boiler with different fuel like Indian coal, imported coal and L.S.H.S. Oil used in Gujarat Narmada Valley Fertilizers and Chemicals LTD., Bharuch	102-103
Design of Luo Converter for Energy Harvesting and Adaptive Charging in Evs	104-110
Experimental Study of Tensile Strength for 3D Printed Specimens of PLA material	119-123
Protection and Operation Analysis on the Overhead Transmission Line
